*Dr. Eng.
Nader Riad*

Felicitations of the Chairman of the Scientific Research and Technology Academy

**Scientific Research and
Technology Academy
Chairman of the Academy**

Dear Dr. Nader Nosehy Riad

On the occasion of the issuance of Ministerial Decision no. 319 on October 3rd 1999, on the reformation of the Industries Research Council, I congratulate you for being chosen as a member at the Industries Research Council, and a member of the Engineering Industries Research Department.

I am sure that with you experience and efforts, your participation and support, will add to the Council and its activities, and help fulfill its role, especially that your Council is concerned with strategic thinking and approaches, and shall work on facing the needs of our era, and challenges, that might come our way over the coming century, aiming at achieving a comprehensive sustainable development for our beloved country.

May God help you and help us to continue giving more and more to our Egypt, under the flag of our leader, proving in words and deeds that we are always here with efforts, thoughts, knowledge and work

With all due respect,

Chairman of the Academy

**Dr. Nader Riad's letter of appreciation to the Chairman of the Scientific Research and
Technology Academy**

Dear Dr. Mohamed Yousry Mohamed Morsy

(Chairman of the Scientific Research and Technology Academy)

101 Kasr Al Einy Street, Cairo

I received your letter, with the utmost gratitude, regarding your generous congratulations on the occasion of the Ministerial Decision no. 319 issued on October 3rd 1999, on the reformation of the Industries Research Council, and being chosen as a member in such an honorable Council.

With all my thanks and gratitude to your generous gesture, I cannot but confirm to you that I will work with full attention and exert all efforts, so as to rise to your expectations.

Thank you for your kind and generous congratulations in regard to such honor, with my best wishes.

With all due respect

Chairman and the Managing Director

(signed)

Eng. Nader Riad (PhD)

*Dr. Eng.
Nader Riad*

**Ministry of Scientific Research
Scientific Research and
Technology Academy
Industries Research Council**

Dear Dr. Nader Riad

Congratulations on your new position as a member at the Industries Research Council, on the basis of the Minister of Higher Education and Scientific Research Decree with your experience and efforts no. 319/1999 dated October 3rd 1999.

I am sure that you, and the other members of our honorable Council, share my opinion that the coming period will witness important changes and shall be a historical moment in the Egyptian technological and scientific development. This is especially important as we stand on the threshold of the twenty first century. Thus, we are devoting full attention to needs of this era and the challenges that will face our industrial development in the coming century, basically aiming at a comprehensive sustainable development expected by our people and leadership.

With all due respect

**Chairman of the Board
